

DPM

Desintegrator - Chopper - Grinder

DPM Hobby - DPM Junior - DPM 1 - DPM 2 - DPM 4

The DPM line has modern and efficient machines, equipped with a powerful rotor with blades and hammers that grind, chop and crush a wide variety of products, such as corn on the cob and sorghum for flour production to produce concentrated feed for livestock.

Its specially designed blades are made of high-strength steel that quickly and accurately chops various types of forage such as sugar cane, maize, sorghum, and grass for the daily treatment of animals, as well as in the preparation of the silo.

It features an optional cyclone on the DPM1/ DPM2/ DPM4 moofs that facilitates the filling of flour storage bags.

	Power			Rotation [RPM]
	Electric	Gasoline	Diesel	
DPM Hobby	1.5 (Direct on rotor)	-	-	3470
DPM Júnior	2.0 ~ 3.0	4.0 ~ 6.0	4.0 ~ 6.0	3500
DPM 1	5.0 ~ 7.5	7.0 ~ 9.0	7.0 ~ 8.5	4100
DPM 2	7.5 ~ 10.0	9.0 ~ 10.5	8.5 ~ 10.0	3700
DPM 4	10.0 ~ 12.5	12.5 ~ 15.0	10.0 ~ 13.0	3300
